

Generous underwriting donations of The Wooden Floor's **34th Annual Concert** support the creation, production, and presentation of inspiring new dance works that feature the remarkable talent and accomplishments of under-served youth. This year's performance will feature three premiere dance works co-created between 150 students and leading choreographers, **Keely Garfield, John Heginbotham, and Laurel Jenkins**.

In addition, your donation also sustains The Wooden Floor's year-round programs and resulting outcomes – **since 2005, 100% of our students have graduated high school on-time and immediately enrolled in college**. With your support, young people who enter this organization with little hope and few resources, graduate with the skills and tools to succeed in school and in life. Through your generous commitment you will help us encourage our young people to know: *"from here, you can step anywhere."*

DANCE IS THE ANSWER

At The Wooden Floor, we love dance. It's powerful. It has the ability to encourage our youth to think differently about themselves, to push through obstacles, and emerge as strong and confident leaders. It's why our students call us their second home, why on the dance floor they feel supported, able to embody who they really are.

We are passionate about dance because we have witnessed it break down barriers. It allows our students to have a voice, to be seen, to create art, and to know that they matter. It's why when partnered with academic and college preparatory programs, and family support, 100 percent of our graduates do what only 30 percent of their socioeconomic peers have done for ten consecutive years – finish high school on time and enroll in higher education.

Through dance, The Wooden Floor provides a solid platform for advancement and success. **Dance moves our youth. Forward.**
